A RED TABLE WINE

FINGER LAKES, NY

SENECA LAKE AVA

Our Field wines embrace a wide range of varietals. Farmed on the slopes of Seneca Lake, the vineyards involved in these wines represent decades of exploration into the sites and soils of our region. The mosaic of soils and mesoclimates present unique opportunities to explore new techniques. This co-fermented blend shows aromas of white pepper and violet and complement juicy ripeness upfront with a backbone of structured tannins. Pair this wine with BBQ pork ribs or other smoked meats.
