

STANDING STONE VINEYARDS

TIMELINE RIESLING 2022

In 1972, a 5 acre plot of Riesling was planted on the eastern slopes of Seneca Lake by Charles Fournier and Guy DeVeaux as part of Gold Seal's exploration into the viability of vinifera. This is where the "timeline" begins for what will one day be Standing Stone Vineyards. The combination of vine age and the site's location contribute to this dry Riesling's concentration and complexity.

ABOUT STANDING STONE VINEYARDS

Standing Stone Vineyards is unique in that it combines historic vineyards and an established past with endless prospects and avenues for exploration. The wines we make look to showcase all that this exceptional site has to offer. In order to achieve the purest expression of place, we implement low intervention practices, both in the cellar and in our farming methods and are working to increase biodiversity and ecosystem health and eliminate synthetic inputs.
